

Stewardship agenda/minutes 10/11/2018

1. Call to order 7:10 present Joanne McGee, Bob Pasteris, Andrew Vernon
2. Delaying approval of September minutes until November meet.
3. Trail report: King Philip's Hill is OK, still a couple of small trees down.

Andrew will monitor Ames CR with Jay Rasku on November 4. Others may attend.

Fall would be a good time to clear trail at Town forest, and finish border work.

4. Bob will find a date to walk with Andrew Rawcliffe. Goals: Stand 3 is from woods road NorthEast to Gulph Rd. Looked over the Landowner goals set by townspeople in 2009. Not a lot of interest in income. Discussed the purpose of the cut...improve oaks? Sequester carbon in the future? Provide for a wood bank? Are there enough plusses to logging to offset costs? Bob will consider these questions on walk with Rawcliffe.

Next meeting November 1, 7:00 Request to move meetings to 2nd Thursday of every month.

Adjourn 7:49
