

Board of Health  
Town of Northfield  
Meeting Minutes  
September 26, 2019

Call to Order: 5:52pm

Member's Present: Phil Baker, David Balk and Robert MacEwen

Quorum Established

Old Business:

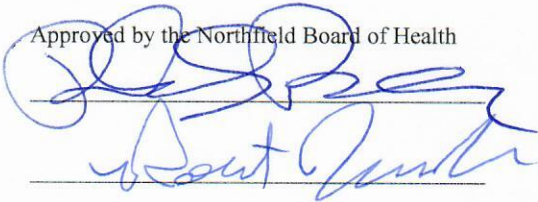

- Thomas Aquinas College: Citizen Complaint; College was flushing system and others on the system state the water is undrinkable as a result. R. MacEwen is following up with the water testing and the College.

New Business:

- Due to the twice monthly schedule of the Board, some bills sit extended time before submission for payment. To address this concern the board discussed increasing the amount that can be signed for by Board Chair to \$4500.00.
  - Motion Dave Balk      ○ Phil Baker      All pass
- It was brought to the attention of two Board of Health members that there is a home in Northfield that municipal water system and a private well have connective piping. This would not be to code and is of concern to the Board. Party reporting has declined to provide address or homeowner. After extensive discussion the Board identifies this information as hearsay. No further action will be taken at this time.
- Soil Evaluation for proposed campground on Pierson Road / Perc Test : submitted and reviewed. No further action taken at this time.

Meeting Adjourn:

Approved by the Northfield Board of Health

Submitted by Catherine Kostecki  
BOH Secretary
