

Sewer Commission Meeting February 15th, 2018

Attendance:

Alexander Meisner- Commissioner/Secretary
Thomas Walker- Commissioner
Everette Wickline- Part Time Plant Worker

Meeting Start: 3:07 pm

Discussion

- Rich Burgh has been a great contribution to the transition. He is doing good according to Wickline
- We will be getting a list from Department of Environmental Protection on things that need to be addressed.
- We do not have records for some of the data
- New incubator did arrive
- Computers should be backed up on thumb drives or some type of saving device
- 3:23 pm- Everette Wickline has made a verbal proposal to be the assumed new plant superintendent

Town Administrator Willie Morales enters the meeting at 3:25 pm

Discussion (cont.)

- Wickline asks his questions to Morales if he can get the job as superintendent without going through a formal interview process
- 3:34 pm- Morales thinks that the operator position should be \$70,000-\$80,000 or at least be open to raising the superintendent salary. There should be a reclassification of the role and a pay increase for the future. Mr. Wickline is not precluded for being hired, but the position should be posted. The Town website should suffice
- 3:37 pm- Wickline believes we need to be more transparent as a whole.
- We will meet again when we set up interviews
- Morales will email us a draft of the directives that will go on the website.

Commissioner Meisner makes a motion to end meeting- passed unanimously

**Meeting End: 3:55 pm
February 15th, 2018**

Alexander Meisner
Sewer Commissioner

Thomas Walker
Sewer Commissioner
