Industrial	☐	44,700	39,400	44,239	47,590	43,828	NA	1997-2013
Vehicle Fuel	☐	758	769	735	760	762	838	1998-2013
Electric Power	☐	154,984	150,151	185,842	185,903	179,598	156,057	1997-2013

- = No Data Reported; -- = Not Applicable; NA = Not Available; W = Withheld to avoid disclosure of individual company data.

Notes: Gas volumes delivered for use as vehicle fuel are included in the State annual totals through 2009 but not in the State monthly components. Estimates of gas volumes delivered for use as vehicle fuel are included in the State monthly totals for January 2010 forward. See Definitions, Sources, and Notes link above for more information on this table.
