- Choosing the Best Type of Portable Toilet For Your Needs
- Understanding Porta Potty Rental Prices in Holyoke
- What Are Short & Long Term Rental Durations?

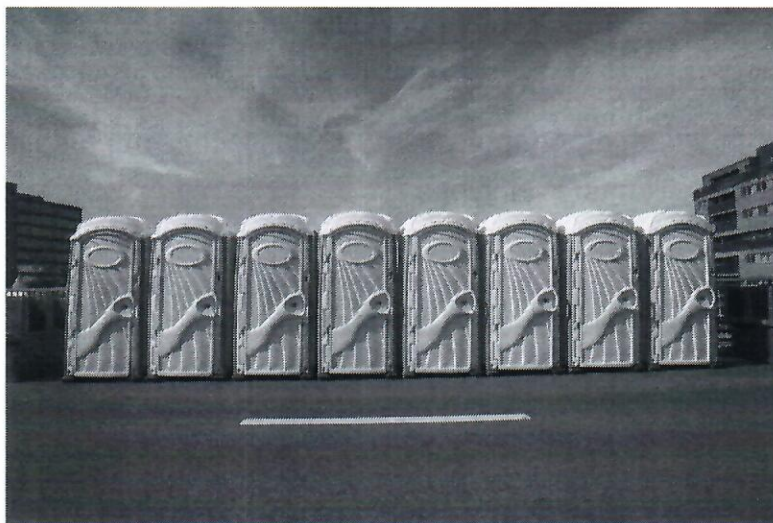

While renting a rent-a-john might not be the first thing you think of when preparing an event, it's certainly a necessity that must be offered anywhere people are getting together for any period of time. Therefore, it's a good idea to have a general understanding of the types of porta potties offered in addition to their pricing. You've almost certainly come across portable toilets at concerts, outdoor weddings or on construction sites in Holyoke, but they can also supply many

benefits to someone having a basic backyard party. Portable toilets are very practical as they can be delivered, serviced and recovered as needed.

For years Budget Porta Potty has been servicing the Holyoke area and offering quality portable toilets for thousands of customers. Going to the restroom is a natural fact of life that can't be avoided no matter where you are, so continue reading to find out everything you need to know about renting a porta potty.

What Are The Most Common Portable Toilet Models?

We Stock a Large Variety of Porta Potties For Every Project

Our inventory includes standard portable toilets (pictured above), standard with sink, standard with baby changing stations, solar powered units, handicap accessible units, VIP restrooms, double luxury trailers, and much more. Different locations will have different inventory, so call us today to speak to a specialist.

Every person's event in Holyoke will be unique, which means you may benefit from renting a portable toilet from Budget Porta Potty that will fit your specific demands. You can even decide to add extra amenities such as handicap accessible stalls, handwashing stations and climate control options. If you are hosting an affair that will include families and small children, then you can also choose to rent a portable toilet that has a built-in changing station and can comfortably fit a parent and their child. Luxury portable toilet trailers and stalls that have a flushing capability are also available for outdoor weddings or fancy events.

Here are a few of the most popular portable toilets and descriptions that will help you determine which model is best for your event:

Typical Single Stall Porta Potty

These single stall units come with a 60 gallon holding tank and are the most frequently used varieties of porta potties. These units include basic sanitation essentials such as hand sanitizer and toilet paper. They're ideal for small events or jobsites.

Handicap Stall Porta Potty With Handicap-Accessible Features

These units are perfect for accommodating guests with special needs and are much wider than standard stalls. They include a ramp entry feature and handrails around the interior. Handicap-accessible porta potties may be necessary to conform with regulations for specific public events to accommodate for all attendees.

Portable Toilet With Sink Included

In addition to the typical portable toilet features, this type comes with a sink and working water. These options come in handy in the course of events where guests or workers would need to wash their hands regularly.

Flushing-Enabled Rent-a-John

Large gatherings or special occasions such as outdoor weddings would substantially benefit from flushing enabled porta potties. They come with the noticeable benefit of flushing waste into a 60-gallon tank, reducing odor inside them. Guests will also be able to use standard bathroom amenities like hand soap, a sink and paper towels.

Family Accessible Portable Toilet

If you're planning on hosting an function such as child's birthday party or an occasion where you're expecting families with small children, then these family-accessible units would be perfect to ensure you provide ample spaces for all your guests. This variety of stall also includes more interior space than the standard stalls as well as a changing station with sanitary requirements integrated.

Large Portable Toilet Trailers

A porta potty trailer is much bigger, and also more luxurious, than the standard units you'll regularly see. This option comes with all the indoor restroom amenities that you'd expect such as internal lighting, separate men's and women's facilities, climate control, flushing toilets as well as high-end sanitation solutions. These porta potty trailers are ideal for difficult weather, as they contain climate control solutions for the convenience of your guests. They contain a 900-gallon holding tank and flushing capacity, but will require an electricity hookup in order to power the electrical alternatives provided such as lighting or fans.

How Much Will My Portable Toilet Rental Cost?

Generally, you can expect to pay around \$50 to \$750 for a porta potty rental in Holyoke.

Portable toilet for rent in Holyoke can vary in price based on a few factors.

One of the major factors you need to think about is the type of porta potty. We can help you determine which type of portable toilet you'll need for your event. For luxury or VIP restroom trailers, you can expect to pay much more than a standard unit. For the most luxurious trailers, you may spend upwards of \$1000. Most rental providers include the travel costs into the final bill without you even knowing. Make sure all costs with the vendor before handing over your cash.

Renting a rent-a-john is easy to do and is also affordable. If you are considering renting a portable toilet or restroom trailer for a construction site or a special function you may be wondering how much it's going to cost to rent the equipment. The good news is, renting a porta potty is very affordable and can in fact help save you money when addressing the sanitation needs of your guests or workers.

There are a wide variety of solutions readily available and several other variables that may impact the price you'll pay including:

- Pickup and delivery costs, can change depending on fuel cost and distance.
- porta potty rental length.
- How many portable toilets you rent.
- Frequency of service needed.
- Amenities and upgrades that you buy.

There are several factors that will end up affecting the rate of a rent-a-john rental in Holyoke. To receive the most accurate rental price, think about contacting Budget Porta Potty at 888-290-5079 for fast, friendly service.

What Are The Rental Terms for Portable Toilets?

As a consumer you will appreciate a good discount on your rental term when you rent portable toilets for an extended period of time, such as numerous weeks or months. You may find yourself needing portable toilets for a jobsite that will be active for a number of months or a concert venue that will be going on all summer. In these situations both the customer and company save money, as the rental business won't have to pick up and deliver the units continually. Transportation of the portable toilet units in Holyoke end up being the majority of the costs for the rental company.
