

# Four Town Meeting on Energy Efficiency for Schools Northfield, Warwick, Bernardston, Leyden

September 19, 2017. 6:30 p.m.

Dickinson Library-- Community Room  
115 Main Street, Northfield, MA

## AGENDA

Welcome and introductions

Update on META grant application from Tim Brandl

Recommendations from Clean Energy Extension (CEE) school walk-through from Ben Weis

Four town discussion about work ahead

- Best hopes/vision
- Revise guiding principles (see below)
- Initial timeline

DRAFT guiding principles

1. Improve energy efficiency and reduce energy costs for our towns.
2. Utilize renewable energy sources.
3. Select approaches that lead to a healthy environment, taking into account air quality and noise levels.
4. Engage the school community in a collaborative effort by gathering their input, involving them in decision-making, and in creating curriculum opportunities for children and youth.
5. Build buy-in for the project among public officials and the broader public through information sharing, community meetings, and press coverage.
6. Tap expertise of DOER and Clean Energy Extension and other resources(CEE)
7. OTHERS?
